Who are we?

Whether you are in a global company, a government agency, or a non-profit organization, you need a business continuity system to protect your people and your organization. A good business continuity management will be the answer to all overarching regulatory requirements and audit mandates. DRI International (DRII) offers world class business continuity education & training programs. Our programs include offerings designed to expand a student's knowledge and focus of business continuity. Since 1988, **30,000** individuals have held a DRI certification. DRII is accredited by ANSI as a Business Continuity Standard Developing Body.

Course Description

The Professional Practices for Business Continuity Professionals are defined as the skills, knowledge and procedures BC professionals needed to lead a BC Planning effort. This includes instructor-led training followed by the Qualifying Exam. Instructors offer a fast-paced overview of DRII's business continuity planning model and delineate the knowledge, skills and procedures needed to effectively execute each stage. Valuable experience sharing by the instructors will be employed to reinforce learning.

Course Outline

- Project Initiation and Management
- Risk Evaluation and Control
- Business Impact Analysis
- Business Continuity Strategies
- Emergency Response
- Business Continuity Plan
- Awareness and Training
- Exercise, Audit & Maintenance
- Crisis Communications
- Coordination with External Agencies
